TRADE IN AGING BATTERIES AND AMP UP MOBILE PRINTER LIFE

As lithium-ion batteries age, their performance degrades. Less uptime, longer charge times and constantly swapping out batteries will only slow down your operations. Make the smart move, and get rewarded, by updating your mobile printer batteries with GO Zebra. Just trade in your old batteries — including select competitor's models — and replace them with new Zebra Batteries to earn \$10 cash back for every qualifying purchase.
